

**Classes with a practical component
to be implemented after May 24, 2020
at the Institute of Archeology of the University of Warsaw**

Classes will be conducted in the rooms of the Main School building ensuring distance and sanitary regime, in time blocks: block I 9: 00-13: 00 and block II 14: 00-18: 00, or at hours individually agreed with students (when classes are shorter) than the suggested time in the class block). Classes in laboratories on ul. Smyczkowa in Warsaw - dates set individually with students who have expressed a desire to take part.

All students who will take part in the classes should remember about:

- personal face masks
- maintaining social distance (min. 1.5m)
- maintaining hygiene according to epidemiological rules.

Everyone who has had a high temperature or other symptoms of illness at least one week before class and / or during class time should refrain from participating in the class and stay at home.

The Institute will provide basic safety measures required by the sanitary and epidemiological regime, i.e. disinfecting liquids and cleaning products in bathrooms. A limited number of face masks (due to the obligation to use personal face masks) and disposable gloves will also be available.

Contact with both -students and lecturers and other employees of the Institute of Archeology- should be as limited as possible and in accordance with the regime and principles of social distance. Secretariats are ONLY available by appointment. Opening hours will be shown on the door.

Please note the limited availability of stores and remember about personal supply of basic products for the duration of the class (water and snacks).

In case of Archaeology (Studies in English) program, only one class is to be held:

Elements of Archaeozoology (MA Eng)

1) prow. U. Iwaszczuk – May 28, June 4 in the block II (14:00-18:00).

Please contact your Instructor.
