

do uchwały nr 13/2021 Rady Dydaktycznej dla Kierunków Studiów Archeologia i Archaeology (Studies in English) z dnia 14 czerwca 2021 r. w sprawie przyjęcia ankiet oceny ćwiczeń: ćwiczenia wykopaliskowe i ćwiczenia powierzchniowe oraz karty ćwiczeń wykopaliskowych na kierunku Archaeology (Studies in English)

**Evaluation sheet of excavation field training at the Faculty of Archaeology University of Warsaw**

|                                      |        |        |        |        |        |
|--------------------------------------|--------|--------|--------|--------|--------|
| Place of excavation field training   |        |        |        |        |        |
| Type and chronology of the site      |        |        |        |        |        |
| Field training supervisor            |        |        |        |        |        |
| Year of studies (circle appropriate) | 1st BA | 2nd BA | 3rd BA | 1st MA | 2nd MA |

| A. Didactic evaluation of excavation field training   | I fully disagree<br>-2 | -1 | 0 | +1 | I fully agree<br>+2 |
|---|------------------------|----|---|----|---------------------|
| A.1. The field training supervisor was involved in explaining issues related to carrying out the excavations. |                        |    |   |    |                     |
| A.2. There was a possibility to consult issues related to the excavations.                                    |                        |    |   |    |                     |
| A.3. The organization of the group, division and variability of duties were appropriate.                      |                        |    |   |    |                     |
| A.4. The excavations were carried out in an orderly manner (known daily work plan, daily schedule).           |                        |    |   |    |                     |
| A.5. The educational content during the excavations was communicated in an understandable way.                |                        |    |   |    |                     |
| A6. The information on chronology and type of the site were provided exhaustively by the supervisor.          |                        |    |   |    |                     |

Comments to the didactic part of the training::.....
