Referral for medical examination

Following the Regulation of the Minister of Health of the Republic of Poland from August the 26th, 2019, on medical examinations of candidates for post-primary or higher schools and for qualifying vocational courses, students of these schools, students, students of qualifying vocational courses and doctoral students (Journal of Laws of 2019, no. item 1651) I refer:

.....
Name (names) and surname / date of birth / Passport number or PESEL number

for the medical examination as a candidate for higher education in the field of Archaeology (Studies in English) at the Faculty of Archaeology of the University of Warsaw to confirm there is no health issue preventing undertaking the studies.

During university studies, the person undertaking education will be exposed to the following factors that are harmful, burdensome or dangerous to health:

- Participation in field exercises that require long-term walking, also on uneven terrain
- Physical effort and forced / variable body position in monotonous work and in changing climatic conditions.

Referrer:

Elżbieta Jaskulska
Vice-Dean for Student Affairs
The Faculty of Archeology of the University of
Warsaw
